BY INVITATION

On the evening of Saturday, 12 September 2026, a selected group of guests will gather by invitation at a baroque castle in the heart of Upper Austria — a place that has held space for learning, music, and quiet revolutions of thought since the year 1230.

It becomes, for one evening, the setting for a private benefit dinner in support of a new kind of university — and an evening of exceptional conversation, hosted by the world-renowned Buddhist teacher Chökyi Nyima Rinpoche.

AT THE HEART OF THE EVENING,
ONE ESSENTIAL QUESTION

*What does it mean to lead as a force for flourishing in an
interconnected world?*

You are warmly invited
